

# Prevention in the ACA Era

# Nurturing the Prevention Movement: What's Next?

## 1. Making the Case for Prevention

- Media Advocacy to defuse anti-prevention messages
- Highlight non-partisan nature of prevention

## 2. Broadening and expanding prevention leadership

## 3. Strengthening the multi-sectoral approach to prevention

- Build on National Prevention Strategy

# Nurturing the Prevention Movement: What's Next?

## 4. Advancing an integrated health system and approach

- Support and defend CMMI investments
- Enhance skills and capacities within prevention and healthcare sectors to work together effectively

## 5. Advancing “pay for population health” models
