Prevention Institute is a nonprofit, national center dedicated to improving community health and well-being by building momentum for effective primary prevention. Primary prevention means taking action to build resilience and to prevent problems before they occur. The Institute's work is characterized by a strong commitment to community participation and promotion of equitable health outcomes among all social and economic groups. Since its founding in 1997, the organization has focused on injury and violence prevention, traffic safety, health disparities, nutrition and physical activity, and youth development. This, and other Prevention Institute documents, are available at no cost on our website.
**Clinical/Community Population Health Intervention Model**

**Existing Clinician Skills**
- Patient Intake ➔ Diagnosis ➔ Treatment
- Transferable to Community Prevention

**Outcomes**
- Improved Health
- Cost Savings
- Evidence-Base for Effective Practice

**Data Collection**
- Identify Priority Health Issues

**Identification**
- Comprehensiv Strategy Development

**Environmental & Policy Change**
- Coordinated Clinical & Community Prevention Activity

**Partnership Formation**
- Health Care
- Public Health
- Community Organizations

**Inquiry** ➔ **Assessment** ➔ **Action**
Design Opportunities

- Payment mechanisms & incentives
- Community determinants: data innovation & metrics to promote health in the first place
- Workforce innovations
- Intersectoral community partnerships and advocacy
How Can We Pay for a Healthy Population?

♦ Wellness Trusts

♦ Social Impact Bonds and Health Impact Bonds

♦ Community Benefits from Non-Profit Hospitals

♦ Accountable Care Organizations
