Gun Deaths: The Epidemiology, Law, and Policy of Prevention

Stephen Teret, JD, MPH
Johns Hopkins University

1

Do guns pose a public health issue?

2

Can we, in the United States, *legally* formulate policy that might successfully address this issue?

3

What would be the most effective *policy* in preventing these foreseeable injuries?

~32,000

1

Do guns pose a public health issue?

yes

2

Can we, in the United States, *legally* formulate policy that might successfully address this issue?

A well regulated Militia,
being necessary to the
security of a free State, the
right of the people to keep
and bear Arms, shall not be
infringed.

District of Columbia v. Heller

Majority Opinion: certain gun laws *are* valid even though the Second Amendment confers a right to individuals.

What are the constitutional boundaries?

2

Can we, in the United States, *legally* formulate policy that might successfully address this issue?

GENERALLY, YES

3

What would be the most effective *policy* in preventing these foreseeable injuries?
