Supportive Housing: Bringing Care Into Homes

One segment of the three-part Web Forum Series, “Healthy People Live in Healthy Places”

March 21, 2012
11:30 AM to 1:00 PM Pacific
2:30 PM to 4:00 PM Eastern
Mary Pittman, DrPH
President and CEO
Public Health Institute

Mary A. Pittman, DrPH, is chief executive officer and president of the Public Health Institute (PHI) in Oakland, California. A nationally recognized leader in improving community health, addressing health inequities among vulnerable people and promoting quality of care, Pittman became in 2008 PHI’s second CEO and president since its founding in 1964. She has guided the development of a strategic plan that builds on existing PHI program strengths to achieve greater impact on public policy and practice in public health both in the U.S. and globally. PHI’s areas of focus include childhood obesity, prevention, the implementation of health reform, global health, the impacts of climate change on public health, the social determinants of health, the role of technology in health, increasing advocacy for the public’s health, and health workforce shortages. Under her leadership, PHI has been recognized as one of the 50 best nonprofit workplaces in the nation.

Pittman previously headed the Health Research and Educational Trust, an affiliate of the American Hospital Association, and the California Association of Public Hospitals. She received her doctorate from the University of California, Berkeley, and master’s degrees from UC Berkeley in public health and city and regional planning.

Mark Cloutier, MPP, MPH
Program Director
Public Policy, Community Health, and Civic Engagement
The San Francisco Foundation

Mark leads the Foundation’s activities and initiatives to correct health disparities by expanding access to care, promoting community based prevention, and advancing health reform. He currently leads the Foundation’s policy efforts to address state budget issues and the intersection in the economic development, social, cultural, education, and health arenas effecting low-income communities and communities of color.

Doug Shoemaker currently serves as President of Mercy Housing California, one of the largest non-profit housing providers in the state. Mercy develops, manages, and provides services to senior, family and supportive housing throughout California. Prior to Mercy, Doug served as the Director of the Mayor's Office of Housing (MOH), San Francisco's housing finance and community development agency. As senior staff to the Mayor, Mr. Shoemaker led a wide-range of interagency housing policy work, including San Francisco's Citywide Loan Committee which coordinates funding from four city agencies for affordable housing and supportive housing development.

Amanda McDade

Director of Services
Senior and Special Needs
Mercy Housing California

Since 2008, Amanda has been responsible for the supervision of Resident Service Coordinators across the state in over 35 properties, consisting of over 2100 units, and the implementation and constant measurement, evaluation and improvement on our services models in senior and special needs housing. She provides oversight directly to all programs already in existence and all in development stages and in collaboration with the other Service Directors in Family and High Impact regions and regional Developers.

Josh Bamberger, MD, MPH

Medical Director
Housing and Urban Health
San Francisco Department of Public Health

Joshua Bamberger is Medical Director of Housing and Urban Health for the San Francisco Department of Public Health and coordinates all medical and behavioral health services at the health department’s supportive housing programs presently serving over 5000 people in housing.

Dr. Bamberger is also the medical director of the Housing and Urban Health Clinic, a Federally Qualified Health Center designed to provide integrated primary care and behavioral health services for formerly homeless people in supportive housing.

Dr. Bamberger coordinates policy and programs for the health department concerning the health and well being of injection drug users and is co-author of the city’s Harm Reduction Policy.
