What can Public Health Institutes do for my Health Department?

May 30, 2012
1. Who, What, Where and How of PHIs (C. Kinabrew)
2. Technical Assistance and CFP (E. Marziale)
3. Louisiana Public Health Institute (J. Kimbrell)
4. NNPHI Member’s National Programs (C. Kinabrew)
5. NNPHI Conference Highlights (All)
6. Discussion and Survey
WHO ARE THESE PUBLIC HEALTH INSTITUTES...?
HOW ARE PUBLIC HEALTH INSTITUTES WORKING WITH HEALTH DEPARTMENTS?

Public health institutes are addressing current and emerging health issues by providing expertise in areas such as:

- Fiscal/Administrative Management
- Population-Based Health Program Delivery
- Health Policy Development, Implementation, and Evaluation
- Training and Technical Assistance
- Research and Evaluation
- Health Information Services
- Health Communications and Social Marketing
- Convening/Partnering
WHERE ARE THE INSTITUTES?
• NNPHI helps link health departments to colleagues at public health institutes
• NNPHI provides TA to organizations and individuals interested in forming PHIs
• Several NNPHI programs also provide programmatic TA (e.g., Community of Practice for Public Health Improvement)
CFP REQUIREMENTS

- Letters of Intent are due on June 6th
- Proposals are due on June 25th
- Two $10,000 awards are available
- 22 states are eligible
- Interested applicants must design their projects related to the *Keys to Success* for developing a PHI
